DETAILED ACTION

Allowable Subject Matter

1. Claims 15-19 and 29-33 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Regarding claims 15-19, the primary reason for allowance is that the examiner is reading the limitation of the "graphic images representative of input data" from the meaning in the specification, where the graphic images are two-dimensional codes as shown in Figure 7 and as explained in the specification on page 49, lines 9-15, which is not found singularly or in combination within the prior art.

Regarding claims 29-33, the primary reason for allowance is that the "changeover means" forms a "detection region" and a "display region" in regions of the display section which are separated from each other, which is not found singularly or in combination within the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
